taw and Chickasaw Indians of Indian Cerritory has been discovered by Suerintendent Jones, of the Indian reau, and Secretary Hitchcock has asked the department of justice to break it up. For \$25, sometimes less, the father or

mother of a minor Chickasaw is induce o consent to the appointment of the man as guardian for the minor. Last summer guardians were appointed for more than 200 minors by the clerk of the federal court in Indian Territory: The appointments were made during the recess of the court, and it is alleged that in every instance the appointee is unfit. Many of the guardians, as soon as they

get possession of the land which the gov ernment had allotted to the minors when the lands were allotted in severalty. ridiculously small sums. The inference is that the guardian and the lessee divided the profits, the Indian child getting nothing and the parent only the \$25 paid for his consent to the appointment of the The request of Secretary Hitchcock

has brought to Washington representatives of a number of trust companies who make a business of furnishing bonds for hese guardians. Fearing that this be broken up, they are suggesting the ubstitution of curators for guardians. But the only distinction between a urator" and a "guardian," according Superintendent Jones, is that a curaor will have no authority over the perthat he will merely take charge of the furnishing the youngster food and clothng out of the proceeds of the lease. There are hundreds of thousands of acres allotted to Indian children. No. child of either tribe has less than 200 acres of the finest land in the country. Many of them have thousands of acres

ROLE OF MODERN PRESS. Inquiries by Scandinavian Club Brings Series of Laudatory Re-

plies from French Schools.

Norway, has just been holding its tenth annual celebration, and has been bothering over just what role the modern press plays. In its anxiety it asked a and got quite a fair number of replies. For instance, the illustrious scientist, Marcelin Berthelot, "the father of modern chemistry," replies:

n civilization, and the press is the fundamental instrument in its propaganda, and, therefore, responsible for its uni-Jules Claretie, directeur of the Come-

ie-Francaise, says: "The press is no longer merely the fourth power, as formerly; it is the supreme voice, because it is the voice of the people. It is also the conscience of respects itself because it must challenge work though no one has ever the respect of all."

> who is the Clyde Fitch of Paris: "Nowadays the press exercises the powers that once belonged to the prince, e priest, and the magistrate. It gives or takes away. It teaches or persuades ludges, condemns, or gives absolution What conscience it must have to exercise rightly this triple function to which it aspires with no one to say it nay!" Ginistry, head of the Odeon: "The

plished, too, is to disarm hate and arrange the conciliation of people and clared itself satisfied as to its doubts the Lexington firm. Moretti's model about the dignity of newspaperdom.
